

MSUKALIGWA MUNICIPALITY

MP 302

FINAL BUDGET

2014-2015

Honourable Speaker,

We are gathered here today to resolve on passing the budget for 2015/2016 financial year. This budget also marks the final year of the current political term of office. When we were elected into office, we promised the residents that we will work for them without segregation.

The budget review has taken considerable time over the last few months and much still needs to be done in order so that we can ensure a future that we can be proud of.

We have looked at where the ratepayers money is being spent, how we are collecting the money and whether we are getting value for money. This budget is clear, transparent and sends a message to the people of Msukaligwa that the municipality is still committed to the acceleration of quality service delivery for sustainable community development.

We are finding new ways to solve old problems and we also building on policies that have served us well in the past, it is for that reason that the budget must be realistically linked to the IDP of the municipality in order to create a responsive and efficient system of local government.

This budget seeks to commit capital spending in ensuring that our people have access to basic services especially on electricity, Water and Sanitation. The budget also commits to getting Msukaligwa moving and delivering on its mandate to realise the strategic objectives of Council.

To this end, all our planning is also based on the implementation of the programme of Action for delivery Agreement on Outcome 9 and the Back to Basics developmental approaches.

Indeed, this is a final push for this term and it entails accelerating implementation within existing and limited resources; Our Performance Areas have been aligned to priority needs and towards building a future that our communities deserve.

Our communities have expressed a need that we prioritize the following deliverables as a matter of urgency:

- Provision of electricity sustainable through smart-metering
- Construction and Improvement of road infrastructure
- Providing a sustainable/consistent refuse removal service and the cleaning of the town and township throughout our municipal area.
- Structure properly and speed up Local Economic Development and Small Business Development
- Fight corruption and crime in general

Before we dwell much on the budget, one must make mention that the budget will be implemented at this trying time where the municipality is facing a huge challenge of paying Eskom debt and various solutions are needed so that we get into the next financial year unhurt. The municipality has entered into an agreement with Eskom on how we will pay the outstanding debt as it will restore public confidence to the residents in distress. The effort will be aided by the implementation of electricity smart meters in the areas of supply under the municipality. The project once fully implemented will ensure that council revenue streams are protected and financially sustainable.

The 2015/16 budget means that:

1. We will be spending R48Million on water and Sanitation
2. We will be spending R12million on upgrading of electrical infrastructure.
3. R6million will be spent on addressing potholes and road maintenance. This is not sufficient but a step in the right direction.
4. Tariffs in the next three to five years will be reviewed in order to make them cost reflective.
5. Tariff increases have been adjusted to ensure that we remain financially viable.
6. Through the implementation of smart metering, we will be in a position to reduce our electricity losses which are currently in the region of 35% and generate the revenue we require.

INFRASTRUCTURE

The focus of the municipality over the next 5 to 10 years will be to ensure that the infrastructure is well maintained and sufficient resources are put aside for refurbishment.

ECONOMIC GROWTH

My vision has been that we need to work closely with the private sector to creation of employment opportunities and encourage business investment, this will help in becoming smart in thinking and achieve our objective of becoming " A BEACON OF SERVICE EXCELLENCE"

Council needs to be effective in using technology and encourage residents to understand the value of learning. There is therefore no better place to start this than in our libraries. Libraries are not just a place of keeping books but a place where knowledge can be acquired and shared. We therefore need to actively promote learning

HEALTHY LIFE STYLE

The municipality has responsibility to encourage people to live a healthy lifestyle. We therefore need to ensure that our parks are clean and facilities well maintained. We also need to get residents to understand the value of physical exercise, this will be jointly done with training facilities in our area.

CONCLUSION

Mr Speaker, the budget before us today presents an attitude that say "If we can live it, we can achieve it".

This budget is a budget that delivers on our commitment to the people of Musukaliywa

We believe that in order to succeed, we need good management that understands the business to make sound and reasonable decisions.

The people have made their voices known when they said they want a municipality that cares and we want to respond positively to the call.

Mr Speaker, I would like to thank the members of the Mayoral committee for always being available and for their guidance in coming up with this budget.

Also a sincere word of gratitude and appreciation to the councillors for the manner in which they carry themselves in advancing the interest of the people we serve.

I also want to thank the municipal staff for the commendable work they do daily in ensuring that we get services.

Lastly, to the Municipal Manager, Sabatla Shongwe; The Executive Management team and their dedicated teams, I express my sincere gratitude.

Mr Speaker, I recommend this budget for adoption by council.

EXECUTIVE MAYOR

J.S. BONGWE

CORPORATE SERVICES DEPARTMENT

Certified Council Resolution

Council at its Special Council Meeting held on June 30, 2015 under:

LM 689/06/2015

A-164 REPORT ON THE FINAL RE-WORKED BUDGET FOR 2015/2016 FINANCIAL YEAR

RESOLVED AS FOLLOWS:

1. That the report of the Executive Mayor regarding the RE-WORKED budget for the 2015/2016 Financial year and indicating for the two projected outer years 2016/2017-2017/2018 BE NOTED.
2. That Council CONSIDERED the approval by National Energy Regulator of South Africa (NERSA) in line with the application made by Msukaligwa Local Municipality.
3. That Council APPROVED THE RE-WORKED budget as reflected in Schedule A1-A10 for the MTREF 2015/2016 – 2017/2018.
4. That the MTREF budget BE SUBMITTED to National and Provincial Treasury for consulting in terms of section 23 of the MFMA.

Certified as true resolution
Director: Corporate Services
Mr N.L. Maimela

Date

30 June 2015

Special Council Meeting: 2015-06-30

**MATTERS NOT DELEGATED TO THE EXECUTIVE MAYOR OR MAYORAL COMMITTEE CONTAINS
RECOMMENDATIONS WHICH MAY BE ADOPTED BY COUNCIL**

Report of the Executive Mayor

A-164 REPORT ON THE FINAL RE-WORKED BUDGET FOR 2015/2016 FINANCIAL YEAR

1. Purpose

- 1.1 To table before Council a re-worked budget for 2015/2016 to 2017/2018 MTREF based on the intervention of Provincial Treasury

2. Background

- 2.1 In terms of the Local Government: Municipal Finance Management Act, No. 56 of 2003, section 24 (1) the Council of a municipality must at least 30 days before the start of the budget year consider approval of the annual budget

3. Discussion

- 3.1 In terms of MFMA Circular No. 74 and 75 on the Municipal Budget Circulars for the 2015/16 MTREF and this circulars provides guidance to municipalities and municipal entities for the preparation of their 2015/16 Budgets and Medium Term Revenue and Expenditure Framework (MTREF). It must be read together with all previous MFMA Budget Circulars.

- 3.2 The budget was approved on **28 May 2015** a per **LM 668/ (a)/05/2015**.

- 3.3 As per MFMA section 23 (1b) National Treasury and the relevant provincial treasury can make submissions on the budget. Provincial Treasury have made submissions on our budget and they have made recommendation that our budget must be funded. The difficulty with the approach is that is does not take into account the challenges the municipality is facing with regards to its financial sustainability.

- 3.4 We have reworked the budget with Provincial Treasury agree that the re-worked budget will be acceptable for them.

3.5 CHANGES TO THE BUDGET FOR 2015/2016

After considering the Municipal Budget Circulars for 2015/16 MTREF, MFMA Circular 74, 75 and all previous issued Municipal Budget Circulars, and the proposals of Provincial Treasury the proposed re-worked budget for 2015/16 MTREF are as follows:

a) Attached herewith the following documents:

- | | | |
|---|------------------------------------|-------------------|
| 1 | Budget Schedule A | ANNEXURE A |
| 2 | Annexure D to MFMA Circular No. 75 | ANNEXURE B |

3.6

TARIFFS INCREASES

Tariffs have not been changed and will remain as approved by council on 28th May 2015.

3.7

Executive summary of the budget for 2015/2016 as approved by council

Total Revenue:	R -544 172 190
<u>Total Expenditure:</u>	<u>R 664 449 948</u>
Deficit:	R 120 277 758

Executive summary of the RE-WORKED budget for 2015/2016 for the financial year

Total Revenue:	R -544 172 190
<u>Total Expenditure:</u>	<u>R 652 911 358</u>
Deficit:	R 108 739 168

Areas that have been adjusted are as follows:

- ✓ Electricity bulk purchase was provided at 14.4% and has been reduced to 12.20%. This translates to R5 000 000 decrease. The reduction is guided by MFMA circular no 75 published on 25 May 2015.
- ✓ Vacant positions were funded by R8 000 000 and will be reduced by R7 000 000 and this will significantly affect proposed new positions however the filling of positions will be affected by the proposed amalgamation.
- ✓ The DWA account has been considered as a conditional liability as we have raised a dispute with the said organ of state.

It should be noted that the deficit of R 108 739 168 is more than the budgeted depreciation of R60 344 114 which indicates that its expenses are not adequately funded to meet the current year's obligations, and to put the depreciation amount aside for asset replacement.

Cash shortfall in approved budget

The municipality has a cash shortfall of 82 142 000 meaning the municipality cannot cover the current estimated expenditure, it is clear that the municipality struggle to run the day to day activities.

Cash shortfall in reworked budget

The municipality has a cash shortfall of 68 927 000, meaning the municipality cannot cover the current estimated expenditure, it is clear that the municipality struggles to run the day to day activities and the conclusion of smart meter implementation will be critical.

Therefore the revenue enhancement strategy shall be reviewed and in place by 1 July 2015 to assist the municipality to increase its cash on hand and its efficiency will be monitored.

Payment of creditors

The municipality has creditors of approximately R338 661 000 meaning that the municipality cannot meet its obligations as it became due. The accruals in Eskom and DWAF accounts, as well as other creditors are the contributors to this state. This is closely related to the ever increasing debtors' book currently sitting on R320 387 million as end of April. These accruals should be cleared over the period of 3 years.

Funded budget in reworked budget

Provincial treasury insisted that the municipality must rework the budget to ensure that the budget is funded as this is a balance sheet item that looks at whether council can be able to meet its obligations. The budget is now funded with 5 904 000 after only the accruals payable in 2015/2016 was taken to account and the municipality obtain a favourable working capital but the municipality must ensure that the revenue enhancement strategy is effectively implemented and monitored

Electricity tariffs

3.8 Municipalities are advised to structure their 2015/16 electricity tariffs based on the approved **12.20 per cent** NERSA guideline tariff increase. National Treasury advised municipalities to examine the cost structure of their electricity undertakings and apply to NERSA for electricity tariff increases that are cost reflective and ensure continued financial sustainability.

The municipality has applied to NERSA for a 13.67% increase, however the Council approved 12.20% in waiting from NERSA's approval, there is a possibility that NERSA is only going to approve a 12.20% increase due to the high losses in electricity

RECOMMENDATIONS BY THE EXECUTIVE MAYOR

1. That the report of the Executive Mayor regarding the **RE-WORKED** budget for the 2015/2016 financial year and indicating for the two projected outer years 2016/2017-2017/2018 **BE NOTED**.
2. That Council **APPROVES THE RE-WORKED** budget as reflected in Schedule A1-A10 for the MTREF 2015/2016 – 2017/2018.
3. That Council **NOTES** that the National Energy Regulator of South Africa (NERSA) still has to **APPROVE** the electricity tariffs of Council as from 1 July 2015.
4. That the MTREF budget once **APPROVED** by Council **BE SUBMITTED** to National and Provincial Treasury for consulting in terms of section 23 of the MFMA.

5. For Council TO CONSIDER the recommendations of the Executive Mayor.

CORPORATE SERVICES DEPARTMENT

Certified Council Resolution

Council at its 6th Ordinary Council Meeting held on May 28, 2015 under:

LM 668(a)/05/2015

A-152: REPORT ON THE FINAL BUDGET FOR 2015/2016 FINANCIAL YEAR

RESOLVED AS FOLLOWS:

1. That the report of the Executive Mayor regarding the budget for the 2015/2016 financial year and indicating for the two projected outer years 2016/2017-2017/2018 BE NOTED.
2. That Council APPROVED the budget as reflected in Schedule A1-A10 for the MTRF 2015/2016 – 2017 2018
3. That Council APPROVED the tariffs for 2015/2016 as follows:
 4. Tariff adjustments:
 - (i) Assessment rates will be adjusted taking the new valuations into consideration with 10% increase.
 - (ii) Electricity tariffs with 12.20% from 1 July 2015 provided that NERSA approved our application.
 - (iii) Water tariffs with 12% from 1 July 2015.
 - (iv) Sewerage tariffs with 12% from 1 July 2015.
 - (v) Refuse Tariffs with 12% from 1 July 2015.
 - (vi) Sundry income 10%.
5. That Council NOTED that the National Energy Regulator of South Africa (NERSA) still has to approve tariffs of Council as from 1 July 2015.
6. That Council APPROVED the overdraft facility with Standard Bank to the amount of R6,000,000.00,

7.

That the draft MTREF budget once approved by Council BE SUBMITTED to National and Provincial Treasury for consulting in terms of section 23 of the MFMA,

Certified as true resolution
Acting Director: Corporate Services

Date

Mayoral Committee 2015-05-22

Report of the Municipal Manager

A-141 REPORT ON THE FINAL BUDGET FOR 2015/2016 FINANCIAL YEAR

1. Purpose

- 1.1 To table before the Executive Mayor the Final Budget for 2015/2016 to 2017/2018 MTREF FOR APPROVAL.

2. Background

- 2.1 In terms of the Local Government: Municipal Finance Management Act, No. 56 of 2003, section 24 (1) the Council of a municipality must at least 30 days before the start of the budget year consider approval of the annual budget

3. Discussion

- 3.1 In terms of MFMA Circular No. 74 and 75 on the Municipal Budget Circulars for the 2015/16 MTREF and this circulars provides guidance to municipalities and municipal entities for the preparation of their 2015/16 Budgets and Medium Term Revenue and Expenditure Framework (MTREF). It must be read together with all previous MFMA Budget Circulars.

Key focus areas for the 2015/16 budget process

The Medium Term Budget Policy Statement 2015

- 3.2 The MTBPS highlights that South Africa's economic performance has deteriorated over the past several years. Gross domestic product (GDP) growth of 1.4 per cent is estimated in 2014, down from 3.6 per cent in 2011. GDP growth is projected to improve over the medium term as infrastructure constraints ease, private investment recovers and exports grow. Economic growth is expected to rise gradually over the medium term, reaching 3 per cent by 2017.

- 3.3 Key priorities of government are to reshape South Africa's urban environment through integrated spatial planning, investment in dynamic city development, integrated housing and transport programmes, and support for business activity and job creation. The Medium Term Strategic Framework (MTSF) priorities for structural reform over the period ahead include:

- (i) Building the capacity of local government through the "back to basics" approach *which will focus on improving service delivery, accountability and financial management. Local*

*government should be effective and efficient; and this will be measured by its ability to perform the basic mandate of service delivery.**

- (ii) Reshaping South Africa's urban environment through integrated spatial planning and an expansion of the municipal debt market. Municipalities play a critical role in growing the economy through well-planned and well-managed urbanization. In order to achieve this, large municipalities require massive investment to stimulate growth, maintain infrastructure and ensure that basic services are provided for growing populations. Over the next three years, the government will roll-out a new approach to local government infrastructure financing. Incentives will be introduced to encourage large urban municipalities to promote more compact, efficient and equitable cities. Planning will focus on developing mixed-use precincts that can help to catalyse economic activity, and on upgrading informal settlements.*

- (iii) Municipalities require capacity to be able to implement the MTSF's priorities for structural reform. This means that the state's capacity to plan, manage and maintain its programmes and infrastructure must improve. Government is providing the following support to enable cities to promote growth and urban spatial transformation:

- a) A project preparation facility which helps municipalities to build a robust pipeline of well-designed, catalytic projects for implementation;
- b) The infrastructure delivery management system is being expanded from provinces to large cities; and
- c) Technical assistance will support the review of borrowing strategies

- 3.4 In addition, support will be provided to municipalities to improve revenue collection and the management of infrastructure financed from both own revenue and grants. National government will work with municipalities to expand their own contributions to local infrastructure investment, while reforms to the grant system will allow for more flexibility in the design of locally appropriate solutions, thereby facilitating more efficient use of available resources for social infrastructure. Greater integration between the capital investment plans of state-owned companies and city development strategies will also be encouraged,

- 3.5 Government will also work with private investors and development finance institutions to expand debt financing for municipal infrastructure. The Development Bank of Southern Africa (DBSA) is currently examining ways to encourage greater private investment in the municipal infrastructure market through infrastructure bonds, municipal bond underwriting, project finance and various contracting models,

- 3.6 Sustainable job creation remains a national priority and municipalities must ensure that in drafting their 2015/2016 budgets and MTREF's they continue to explore opportunities to mainstream labour intensive

approaches to delivering services, and more particularly to participate fully in the Expanded Public Works Programme.

Headline inflation forecasts

Municipalities must take the following inflation forecasts into consideration when preparing their 2015/16 budgets and MTREF as per circular 74.

Fiscal year	2014	2015	2016	2017	2018
	Actual	Estimate		Forecast	
CPI Inflation	5.6%	6.2%	5.8%	5.5%	5.3%

Source: Medium Term Budget Policy Statement 2014

As per circular 75 issued on 4 March the headline inflation forecasts change as follows:

Fiscal year	2014	2015	2016	2017	2018
	Actual	Estimate		Forecast	
CPI Inflation	5.8%	5.6%	4.8%	5.9%	5.6%

Revising rates, tariffs and other charges

Operating Revenue

3.7 Municipal revenues and cash flows are expecting to remain under pressure in 2015/2016 due to the state of the economy; therefore municipalities should adopt a conservative approach when projecting their expected revenues and cash receipts. Municipalities should also pay particular attention to managing all revenue and cash streams effectively, by paying particular attention to their revenue management processes and procedures.

Eskom bulk tariff increases

3.8 Municipalities are advised to structure their 2015/2016 electricity tariffs based on the 12.20% guideline and provide for a 14.24% increase in the cost of bulk purchases for the tabled 2015/2016 budgets and MTREF.

Water and sanitation tariffs must be cost-reflective

3.9 As per the guidance in various previous Budget Circulars, municipalities were expected to apply cost reflective tariffs in the 2014/2015 MTREF for both water and sanitation. Should this not be the case, municipalities will be required to clearly articulate the reasons and remedial actions to rectify this position in their budget document,

3.10 To mitigate the need for water tariff increases, municipalities must put in place an appropriate strategy to limit water losses to acceptable levels. In this regard municipalities must ensure that water used by its own operations is charged to the relevant service, and not simply attributed to water losses.

Funding choices and management issues

Employee related costs

- 3.11 The Salary and Wage Collective Agreement for the period 01 July 2012 to 31 June 2015 has come to an end. In the absence of other information from the South African Local Government Bargaining Council, municipalities are advised to budget for a 4.4 per cent cost-of-living increase adjustment to be implemented with effect from 01 July 2015 (in line with the increase proposed in the 2014 MTBPS). Municipalities must further use the inflation forecast to project increases in the outer years.

General –Expenditure (Cost-containment measures and non-priority spending)

- 3.12 Building on cost containment guidelines approved by Cabinet in October 2013, government at all levels will need to identify opportunities to increase efficiency and reduce waste. At a national level, the 2015 budget will pay particular attention to reducing line items that are not critical to service delivery to reinforce cost containment. Municipalities are still urged to implement the cost containment measures on six focus areas namely,
- (i) consultancy fees,
 - (ii) no credit cards,
 - (iii) travel and related costs,
 - (iv) advertising,
 - (v) catering,
 - (vi) events costs and
 - (vii) accommodation.

Related to cost-containment measures is the elimination of non-priority spending.

The use of consultants

- 3.13 The National Treasury (Office of the Chief Procurement Officer) has observed that many municipalities make use of consultants and other service providers in the course of daily operations. Owing to the fact that that there are no standardised tariffs and rates currently regulated as it relates to professional service providers and consultants, many municipalities are charged exorbitant fees for such services,

- 3.14 The response received from municipalities on the VAT reconciliation questionnaire indicates that most municipalities use consultants to review and submit these returns to the South African Revenue Services (SARS). Municipalities are advised to refrain from the use of consultants and other service providers in completing or reviewing their VAT returns. It is the responsibility of the Chief Financial Officer to review the VAT returns.

Budgeting for unfunded/ underfunded mandates

3.15 In previous budget years, it was noted that a number of municipalities were budgeting for unfunded/underfunded mandates. The South African Cities Network (SACN, 2007:78) defines an unfunded/underfunded mandate as when municipalities perform the functions of other spheres of government and bear significant costs out of their own revenue sources. These unfunded/underfunded mandates pose an institutional and financial risk to the municipality as substantial amounts of own funding is allocated to non-core functions at the expense of service delivery.

3.16 One of the main objectives of local government is to ensure the provision of basic services to communities. Section 153 of the Constitution requires that budgeting processes must prioritize the basic needs of the community. Municipalities must therefore prioritize the provision of basic services such as electricity, water, sanitation and refuse removal in their MTREF budgets. Municipalities may only budget for non-core functions such as crèches, sports fields, libraries, museums, health services, and etc. if:

- (i) The function is listed in *Schedule 4B and 5B* of the Constitution;
- (ii) The function is assigned to municipalities in terms of national and provincial legislation;
- (iii) The municipality has prioritized the provision of basic services; and
- (iv) It does not jeopardize the financial viability of the municipality.

PROPOSED BUDGET FOR 2015/2016

3.17 After considering the Municipal Budget Circulars for 2015/16 MTREF, MFMA Circular 74, 75 and all previous issued Municipal Budget Circulars, proposed budget for 2015/16 MTREF are as follows:

a) Attached herewith the following documents:

- | | | |
|---|--------------------------------------|-----------------|
| 1 | Budget Schedule A | ANNEXURE B |
| 2 | Tariff Structure | ANNEXURE C1-C16 |
| 3 | Division of Revenue Allocation 2015 | ANNEXURE D |
| 4 | Managers and Councilors Remuneration | ANNEXURE E |

TARIFFS INCREASES

The following tariff increases are proposed

- Electricity tariffs – From 1 July 2015 with 12.20% on condition NERSA approval ANNEXURE C1
- Water tariffs – From 1 July 2015 with 12% ANNEXURE C2
- Sewerage tariffs – From 1 July 2015 with 12% ANNEXURE C3
- Refuse removal tariffs – 12% ANNEXURE C4
- Assessment rates – (10%) ANNEXURE C5
- Tender Documents – From 1 July 2015 with 10% ANNEXURE C6

- Rezoning, Consolidation and Subdivision tariffs – 10% ANNEXURE C7
- Sport facilities tariffs – 10% ANNEXURE C8
- Fire Brigade Services tariffs – 10% ANNEXURE C9
- Provision of Information tariffs – 10% ANNEXURE C10
- Engineering and Building plans tariffs – 10% ANNEXURE C11
- Cemetery Tariffs – 10% ANNEXURE C12
- Town Hall and Other Tariffs – 10% ANNEXURE C13
- Republic Park Tariffs – 10% ANNEXURE C14
- Tariff for Rental of residential properties – 10% ANNEXURE C15
- Street Removal Tariffs – 10% ANNEXURE C16

Executive summary of the budget for 2015/2016 financial year

Total Revenue:

R -544 172 190

Total Expenditure:

R 664 449 948

Deficit:

R 120 277 758

It should be noted that the deficit of R 120 277 755 is more than the budgeted depreciation of R60 344 114 which indicates that expenses are not adequately funded to meet the current year's obligations, we must put the depreciation amount aside for asset replacement.

The Capital projects

R 61 066 150

Contributed capital projects:

R 28 834 000

Total capital projects:

R 89 900 150

Cash shortfall

The municipality has a cash shortfall of 82 142 million, meaning the municipality cannot cover the current estimated expenditure, it is clear that the municipality struggle to run the day to day activities.

Unfunded budget

The municipality has an unfunded budget of 338 661 million, meaning that the municipality cannot meet its obligations as it became due. The accruals in Eskom and DWAf accounts, as well as other creditors are the contributors to this state. This is closely related to the ever increasing debtors' book currently sitting on R320 387 million as end of April. These accruals should be cleared over the period of 3 years.

Therefore the revenue enhancement strategy shall be reviewed and in place by 1 July 2015 to assist the municipality to increase its cash on hand and its efficiency will be monitored

Electricity tariffs

3.19 Municipalities are advised to structure their 2015/16 electricity tariffs based on the approved **12.20 per cent** NERSA guideline tariff increase. National Treasury advised municipalities to examine the cost structure of their electricity undertakings and apply to NERSA for electricity tariff

increases that are cost reflective and ensure continued financial sustainability,

- 3.20 The Msukaliywa electricity budget resulted in a deficit of 46 079 473. In order for the municipality to address the shortfall, it must budget for at least increase of 34%

Council has applied to NERSA for a 13.67% increase

Due to the high losses in electricity, there is a possibility that NERSA is only going to approve a 12.20% increase.

Water tariffs

- 3.21 In terms of previous and current Budget Circulars municipalities were advised to restructure their water tariffs fully recover the cost. The Msukaliywa water budget resulted in a surplus We propose that the water tariffs be increased by 12% and strategies of decreasing distribution losses be developed and implemented as matter of urgency. The proposed tariffs increase will assist in addressing the 2014/2015 budget deficit of +R129 million.

In the 2015/2016 budget the 6kl free water to all households will be forfeited and only indigents will receive the first 6 kl water free

There was not a basic tariff for water in 2013/2014. A basic tariff of R55.00 will be charged and implemented from 2015/2016.

Sewerage tariffs

- 3.22 In terms of previous and current Budget Circulars municipalities were advised to restructure their sanitation tariffs fully recover the cost. The Msukaliywa sewerage resulted in a deficit of R10 549 149. We propose that the sewerage tariffs be increased by 12% and the propose tariffs increased will assist in addressing the 2014/2015 budget deficit of +R129 million.

Refuse removal/solid waste tariffs

- 3.23 Municipalities were advised that solid waste tariffs must cover the cost of providing the different components of the service. Where this is the case, municipalities should aim to have appropriately structured, cost-reflective solid waste tariffs in place by 2015. The tariffs for solid waste management must take into account that it is good practice to maintain a cash-backed reserve to cover the future costs of rehabilitating landfill sites. The Msukaliywa solid waste resulted in a deficit of R6 066 593. We propose that the solid waste tariffs be increased by 12% and the propose tariffs increased will assist in addressing the 2014/2015 budget deficit of +R129 million.

Assessment rates tariffs

The assessment rates tariffs are increased by 10% in compliance with Municipal Property Rates Regulations.

Valuation roll

3.24 The implementation of the new valuation roll in the municipality will enhance revenue although there has been a drastic increase on market values of properties with the implementation of the new 4 years valuation roll.

Other Revenue

3.25 Municipalities are advised to structure their 2014/15 other tariffs to cover cost providing the different components of the service and ensure continued financial sustainability. We propose that all other revenue tariffs be increased by 10% and the propose tariffs increased will assist in addressing the 2014/2015 budget deficit of +R129 million.

SALARIES AND COUNCILLORS ALLOWANCES

3.26 Provision was made for a 5.8% increase for all employees and included in The Annual Budget is A 15% Performance Bonus For The Municipal Manager and Directors (Section 57 Employees). All performance contracts are in place,

3.27 The administration struggle to decrease the overtime and standby allowances due to high vacancy rate, the municipality must ensure with the current staff compliment that there is proper service delivery and will put controls in place to manage the expenditure.

3.28 The financial position of the municipality is further compromised by the 6 million decrease in Equitable share as a summary of DORA allocations attached. ANNEXURE 'D'

The organogram will be structured to include a directorate on Planning and Local Economic Development separately, this will streamline council operations and enhance effectiveness.

The Municipal Manager must be mandated to make structural changes to the organogram to curb overtime and appoint staff to reduce same where a need had been identified.

Provision was also made for the increase in Councilors Remuneration and allowances to the maximum of 5.8% for 2015/2016 ANNEXURE 'E',

3.29 Although we have made provision of salary increase of 5.8% the salary budget reflects the current staff component on the payroll and filling of positions which went vacant in 2014/2015. Each department must manage their expenses as per budget allocated for overtime, standby and shift allowance.

CAPITAL BUDGET

- 3.30 That the three year capital budget as per summary Annexure 'D' be accepted and that all expenditure be approved according such budget. That the Municipal manager approves each item or project in accordance with Councils' procurement policy/Supply Chain Management, after funds are made available as follows and in line with the allocations per Division of Revenue Act (DORA):

CHALLENGES AND REMEDIES

- 3.31 In terms of section 24 of the Municipal Finance Management Act (MFMA) Council must consider the approval of budget at least 30 days before the beginning of the financial year.

However the Municipality is facing the following challenges;

1. The problem with our budget is it has a deficit mainly due to bulk purchases, contracted services and non-cash items
2. In order to achieve a reduced deficit budget the municipality must increase their collection by 20%.
3. The Municipality is facing the problem of incorrect billing due to extensions in the Municipality which are not metered and the illegal connections which result in the deficit budget;
4. The Municipality is currently operating under financial difficulties which are partly as result of poor tariff structure. This problem has been going on for a number of years and it has now *reached a stage where it is negatively affecting the budget*. The process of engaging with stakeholders in this regard has been time consuming. It is the intention of the Municipality that where we are rendering services at a loss as result of low tariffs that be corrected;
5. The total cost of salaries and bulk purchases for water, electricity and contracted services indulge **80%** of the possible cash income;
6. The average payment rate is 75%. It is clear that the revenue that is collected out of billing is not sufficient; with the implementation of the financial recovery plan and the revenue enhancement strategy the municipality is expected to improve its payment rate to 83% This will result in an additional income of 20 million
7. Meter audit, installation of meters and strict measures on tampering will enhance the billing and increase the income;
8. High water and electricity distribution losses as a result of the ageing infrastructure.

Proposed action plan:

- Installation of smart meters
- Appointment of Debt Collectors to concentrate on outstanding debtors which is older than 90 days
- Data cleansing of consumers information on the financial service will result in more accurate billing
- Updating of the indigent register
- Strict application of the cut-offs as per attached reviewed Credit control policy
- Implementation of procurement plan, to ensure procurement is accordingly.
- Monitoring of overtime and as well as the implementation of shifts and improve staff management
- Procurement of new fleet to reduce repair and maintenance on the current fleet.
- Fuel cost will also reduce because of the tracking devices installed and link with the fleet management system
- The new fleet will reduced day to day travelling claim by officials
- The maintenance budget has been increased to address the ageing infrastructure
- Amend SCM Policy to include that no procurement of goods and services shall be made if the received quotations **exceeds 5%** of the retail price
- In case a supplier found to have incorrectly declared his interest of him/her working for the state, the amount incurred shall be recovered from that service provider.
- Each department and sectional head will manage their own budget. Eg. They can denied a proposed price from SCM if it can be found in a more reasonable price elsewhere
- Savings on the budget without compromising service delivery will be included as a KPA in the performance agreement of the Directors.

RECOMMENDATIONS BY THE MUNICIPAL MANAGER

1. That the report of the Municipal Manager regarding the budget for the 2015/2016 financial year and indicating for the two projected outer years 2016/2017-2017/2018 **BE NOTED.**
1. That Council approves the budget as reflected in Schedule A1-A10 for the MTREF 2015/2016 – 2017/2018
2. That the Executive Mayor **CONSIDERS** the tariffs for 2014/2015 as follows:
3. Tariff adjustments:
 - (i) Assessment rates will be adjusted taking the new valuations into consideration with 10% increase.
 - (ii) Electricity tariffs with 12.20% from 1 July 2015 provided that NERSA approved our application.
 - (iii) Water tariffs with 12% from 1 July 2015.
 - (iv) Sewerage tariffs with 12% from 1 July 2015.
 - (iv) Refuse Tariffs with 12% from 1 July 2015.

(v) Sundry income 10%.

- 5.. That the Executive Mayor NOTES that the National Energy Regulator of South Africa (NERSA) still has to approve tariffs of Council as from 1 July 2015,
6. That the Executive Mayor CONSIDERS the overdraft facility with Standard Bank to the amount of R6,000,000.00,
7. That the draft MTREF budget once approved by Council BE SUBMITTED to National and Provincial Treasury for consulting in terms of section 23 of the MFMA,
8. For the Executive Mayor to CONSIDER the recommendations of the Municipal Manager.

Report of the Municipal Manager

A-141 REPORT ON POLICIES NEW AND REVIEWED TO BE IMPLEMENTED WITH THE FINAL BUDGET FOR 2015/2016 FINANCIAL YEAR

1. Purpose

- 1.1 To table before the Executive Mayor the policies which will be implemented with the final Budget for 2015/2016 to 2017/2018 MTRF FOR APPROVAL.

2. Background

- 2.1 In terms of the Local Government: Municipal Finance Management Act, No. 56 of 2003, section 24 (2a) the Council of a municipality must at least 30 days before the start of the budget year consider approval of the annual budget and section 24(2c) it must be approved together with any changes to the municipality's budget related policies

3. Discussion

- 3.1 Council should notes some changes were proposed to the policies to bring the policies in line with the financial and administrative functions, all the changes is highlighted in the different policies as per attached annexure.

The following policies were reviewed:

1. Budget Policy - Review
2. Indigent Policy - Review
3. Credit control and debt collection Policy- Review
4. Asset Management- Review
5. Inventory Management Policy- Review
6. Service Provider Black Listing Policy – Review
7. Immoveable property disposal Policy – Review
8. Whistle Blowing Policy – Review
9. Petty Cash Policy – Review
10. Acceptance of Grant Sponsorships, Gifts & Donations Policy – Review
11. Supply chain policy: - Unclaimed deposits and retention – Review
12. Tariff policy - Review
13. Transport and subsistence policy - Review
14. Property rates policy – Review
15. Bank and investment policy – Review
16. Fraud prevention plan
17. Delegations of power policy – Review

RECOMMENDATIONS BY THE MUNICIPAL MANAGER

1. That Council notes some changes were proposed to the policies to bring the policies in line with the financial and administrative functions, all the changes is highlighted in the different policies as per attached annexure.
2. That the Executive Mayor CONSIDERS all proposed amendments to the budget-related policies

Target Dates for the Compilation of 2015/2016 Budget

31 August 2014	Table in council the Budget and IDP time schedule according key deadlines in terms of the MFMA
September / October 2014	Commence with the IDP Review process and Public Participation process.
October 2014	Commence preparation of departmental operational plans and service delivery according strategic objectives
November 2014	Review and draft initial changes to IDP in accordance with public needs and other sector department inputs.
December 2014	Consolidate IDP priorities in accordance with available budget, grant funding from other municipalities or sector departments and Government Grants. Reconcile IDP and Budget priorities and prepare proposed capital budget for next three financial years.
January 2015	Review National Treasury and Provincial Treasury allocations – Incorporate to draft IDP and Budget.
February 2015	Review capital and operational budget in terms of allocations, determine tariffs and rates, review related policies and compile the credible draft budget, together with the IDP, to be submitted to council 90 days before the start of the new financial year. (Table an adjustment budget for 2014/2015)
31 March 2015	Table the draft IDP and Budget 2015/2016 to council. Publish tabled budget and IDP and invite comments from the local community.
	Submit budget to National Treasury and Provincial Treasury and other stakeholders for comments.
1 April 2015	Commence process of consultation on tabled budget
30 April 2015	Conclude process of consultation with community and other stakeholders.
1 May 2015	Commence with the revision of the budget 2015/2016 and prepare final budget for consideration by Council before end of May.
31 May 2015	Table final IDP and Budget to Council for consideration and approval (Approval before end of June 2015 in accordance with the MFMA)
June 2015	Submit service delivery and budget implementation plans to the Executive Mayor for approval Publish adopted budgets and submit to all relevant stakeholders. (Provincial and National Treasury)

Certification that the adopted budget for 2015/16 is correctly captured and locked on the municipality's financial management system

(as requested by National Treasury in terms of section 74 of the MFMA, with reference to paragraph 6.3 of MFMA Budget Circular 59 dated 16 March 2012)

I, Z.T. Shongwe, in my capacity as accounting officer of the municipality, hereby certify that:

- The adopted annual budget has been captured on the municipality's financial system;
- There is 100 per cent reconciliation between the budget on the system and the budget adopted by council;
- The adopted annual budget on the municipality's financial system is locked and will not be changed as it serves as the baseline against which to monitor and measure performance; and
- The relevant budget return forms have been submitted to the local government database.

I, further certify that the municipality has in place controls to ensure that any changes to the adopted budget will be captured separately and only in accordance with:

- a virement authorised by the municipal manager, or duly delegate official, in terms of a council approved virements policy; and
- an adjustments budget approved by council.

References

1. Government Finance Statistics Functions and Sub-functions are standardised to assist the compilation of national and international accounts for comparison purposes
2. Total Revenue by standard classification must reconcile to Total Operating Revenue shown in Budgeted Financial Performance (revenue and expenditure)
3. Total Expenditure by Standard Classification must reconcile to Total Operating Expenditure shown in Budgeted Financial Performance (revenue and expenditure)
4. All amounts must be classified under a standard classification (modified GFS). The GFS function 'Other' is only for Allocations, Air Transport, Markets and Tourism - and if used must be supported by footnotes. Nothing else may be placed under 'Other'. Assign associate share to relevant classification

1. Government Finance Statistics Functions and Sub-functions are standardised to assist national and international accounts and comparisons
2. Total Revenue by Standard Classification must reconcile to total operating revenue shown in Financial Performance (Revenue and expenditure)
3. Total Expenditure by Standard Classification must reconcile to total operating expenditure shown in Financial Performance (Revenue and expenditure)
4. All amounts must be detailed under a Standard (provided GFS) classification. The GFS function 'Other' is only for Aviation, Air Transport, Markets and Tourism - and if used must be supported by footnotes. Nothing else may be placed under 'Other'. Assign associate shares to relevant classification

References

1. Classifications are revenue sources and expenditure type
2. Detail to be provided in Table SA1
3. Previously described as 'bad or doubtful debt' - amounts shown should reflect the change in the provision for debt impairment
4. Expenditure type components previously shown under repairs and maintenance should be allocated back to the originating expenditure group/item, e.g. employee costs
5. Repairs & maintenance detailed in Table A9 and Table SA3c
6. Contributions are funds provided by external organisations to assist with infrastructure development, e.g. developer contributions (detail to be provided in Table SA1)
7. Equity method

References

1. Municipalities may choose to appropriate for capital expenditure for three years or for one year (if one year appropriation projected expenditure required for yr2 and yr3).
2. Include capital component of PPP unitary payment. Note that capital transfers are only appropriated to municipalities for the budget year
3. Capital expenditure by standard classification must reconcile to the appropriations by vote
4. Must reconcile to supporting table SA20 and to Budgeted Financial Performance (revenue and expenditure)
5. Must reconcile to Budgeted Financial Performance (revenue and expenditure)
6. Include finance leases and PPP capital funding component of unitary payment - total borrowing/repayments to reconcile to changes in Table SA17
7. Total Capital Funding must balance with Total Capital Expenditure
8. Include any capitalised interest (MFRMA section 46) as part of relevant capital budget

References:

1. Must reconcile with Budgeted Cash Flows
2. For example: VAT, taxation
3. Council approval for policy required - include sufficient working capital (e.g. allowing for a % of current debtors > 90 days as irrecoverable)
4. For example: taking fund requirements for borrowing
5. Council approval required for each reserve created and basis of cash backing of reserves

References

1. Include services provided by another entity, e.g. Eskom
2. Stand distance <= 200m from dwelling
3. Stand distance > 200m from dwelling
4. Borehole, spring, rain-water tank etc.
5. Must agree to total number of households in municipal area (informal settlements receiving services must be included)
6. Include value of subsidy provided by municipality above provincial subsidy level
7. Show number of households receiving at least these levels of services completely free (informal settlements must be included)
8. Must reflect the cost to the municipality of providing the Free Basic Service

1. Include a measurable performance objective for each revenue source (within a relevant function) and each vote (MP304 & 1731(B)).

2. Include all Basic Services performance targets from 'Basic Services Delivery' to ensure Table SA7 represents all strategic responsibilities.

3. Only include prior year comparative information for individual measures where relevant activity occurred in that year.

MP302 Msukaliywa - Entities measurable performance objectives

Description	Unit of measurement	2011/12	2012/13	2013/14	Current Year 2014/15			2015/16 Medium Term Revenue & Expenditure Framework		

1. Include a measurable performance objective as agreed with the parent municipality (MP304 & 1731(B)).

2. Only include prior year comparative information for individual measures where relevant activity occurred in that year.

References

1. Positive cash balances indicator of minimum compliance - subject to 2
2. Double cash and investment applications (followed from cash balance
3. Indicator of sufficient liquidity to meet average monthly operating payments
4. Indicator of funded operational requirements
5. Indicator of adherence to macro-economic targets (prior to 2003/04 revenue not available for high capacity municipalities and later for other capacity classifications)
6. Realistic average cash collection forecasts as % of annual billed revenue
7. Realistic average increase in debt impairment (should debt) provision
8. Indicator of altered capital expenditure level & cash payment timing
9. Indicator of compliance with borrowing 'only' for the capital budget - should not exceed 100% unless refinancing
10. Substantiation of National/Provincial allocations included in budget
11. Indicator of realistic current annum debtor collection targets (prior to 2003/04 revenue not available for high capacity municipalities and later for other capacity classifications)
12. Indicator of realistic long term annum debtor collection targets (prior to 2003/04 revenue not available for high capacity municipalities and later for other capacity classifications)
13. Indicator of a credible allowance for repairs & maintenance of assets - benchmark assets revenue provision
14. Indicator of a credible allowance for asset renewal (requires analysis of asset renewal projects as % of total capital projects - detailed capital plan) - benchmark assets revenue provision

References

1. All numbers to be expressed as whole numbers except FTEs and Rates in the Rand
2. To give effect to rates policy
3. Full Time Equivalent (FTE) should be expressed to one decimal place and takes into account full time and part time staff
4. Required to implement new system (FTE)
5. Provide relevant information for historical comparisons. Must reconcile to the total of Table SA12
6. Current and budget year must reconcile to Table A4 Budgeted Financial Performance (Revenue and expenditure)
7. Included in rate revenue budget
8. In favour of the rate payer

References

1. Each transfer/grant is listed by name as provided together with the name of the transferring department or municipality, donor or other organisation
2. Amounts actually RECEIVED, not revenue recognised (objective is to confirm grants transferred)
3. Replacement of RSC levies
4. Housing subsidies for housing where ownership transferred to organisations or persons outside the control of the municipality
5. Total transfers and grants must reconcile to Budgeted Cash Flows
6. Motor vehicle licensing refunds to be included under 'agency' services (Not Grant Receipts)

1000

Footnotes:

1. Positions must be loaded and aligned to the municipality's current organisational structure
2. Full Time Equivalent (FTE). E.g. One full time person = FTE. A person working half time (say 4 hours out of 8) = 0.5FTE
3. 557 of the Systems Act
4. Include only in Consolidated Statements
5. Include municipal entity employees in Consolidated Statements
6. Include headcount (number of persons, Not FTE) of managers and staff only (exclude councilors)
7. Managers who provide the direction of a critical technical function
8. Total number of employees working on these functions

Total Capital Expenditure on renewal of existing assets:																		
Specified vehicles																		
Police																		
Fire																		
Emergency																		
Amalgamation																		
Renewal of Existing Assets as % of total capital expenditure																		
Renewal of Existing Assets as % of department																		

1. Total Capital Expenditure on renewal of existing assets (SA34b) plus Total Capital Expenditure on new assets (SA34a) must reconcile to total capital expenditure in Budgeted Capital Expenditure

2. Assets, Car Parks, Bus Terminals and Taxi Parks

3. For example, technology hardware (e.g. data optic, WIFI infrastructure) for economic development purposes

4. Work in progress under construction to be budgeted under the respective item

5. Infrastructure includes land and buildings required by land infrastructure and vehicle/plant & equipment used by the service generated by land infrastructure

6. Dashed/italicised & listed assets to be included within the respective sub-class

7. Assets used to provide a service to the community

8. Not municipal contribution to the "top structure" being built using the housing sub-class

9. Streets, art collections, events etc.

10. Amalgamation, bus engines, motor vehicles, but not vehicles that would normally be classified as "fire and equipment"

ANNEXURE C1

Financial Year:

2015/2016

A. Supply of Electricity & Deposits

Date of Implementation:

1 July 2015

SUPPLY OF ELECTRICITY ON CONVENTIONAL AND PRE-PAID METERS TO RESIDENTIAL PROPERTIES, BUSINESS, INDUSTRY AND OTHER INSTITUTIONS SUPPLIED FROM THE MUNICIPAL DISTRIBUTION NETWORK

Subject to the approval of the Electricity tariffs by the National Electricity Regulator, the Local Council of Msukaligwa adopted the following tariffs on Electricity consumption with effect on all accounts issued from 1 July 2015, and for pre-paid meters as from 1 July 2015.

1) Tariff applicable to private dwellings, flats permanently occupied Charitable Institutions, Churches, and Church Halls which are exclusively used for religious purposes and Church activities, as well as Sport clubs and the Show Society as from time to time approved in accordance with the Council's policy.

A. Electricity

ANNEXURE C3

TARIFF STRUCTURE FOR THE LOCAL COUNCIL OF MSUKALIGWA

C. Sewerage Services

DATE OF IMPLEMENTATION

The following proposed tariffs shall be applicable on Sewerage services.

1 July 2015

(1). PART A: AVAILABILITY CHARGES

Every surveyed erf, portion of an erf, stand or lot which is, or, in the opinion of the Council, can be connected to the Council's sewers, shall be subject to an availability charge and the owners thereof shall pay to the Council the charges specified hereunder per month or part thereof.

RESIDENTIAL - ALL AREAS IN MSUKALIGWA

In respect of every surveyed erf, portion of an erf, stand or lot (BS200)

BUSINESS AND OTHER NON-RESIDENTIAL PROPERTIES

ERMELO

Businesses

In respect of every surveyed erf, portion of an erf, stand or lot, with a total area of 3000 square meter or less. (BS101)

In respect of every surveyed erf, portion of an erf, stand or lot, with a total area of 3000 square meter according to the following scale: (BS102)

For the first 1500 square meter of the area of such erf, stand or lot.

For each succeeding 1500 square meter or portion (BS102)

Thereof of the area of such erf, stand, or lot.

Other

Hospitals, nursing and convalescent homes:

Per each bed available for patients per month (BS 103)

Resident, calculated on the average number of persons in service during the previous year

Per month (BS104)

Premises of the South African Transport services or other Government Departments where no sewer exists along any boundary of such premises

For each dwelling or flat per month (BS105)

For each hostel, single quarters, prison block or other building for residential purposes, for every 20 residents or part thereof, calculated according the accommodation capacity of such buildings per month (BS106)

For every 10 square meter or part thereof of each floor not for residential purposes and that is connected to the sewer per month (BS107)

Educational institutions and hostels conducted by educational institutions, situated outside the surveyed area of Ermelo, where no sewer exists along any boundary of such premises

For every 20 pupil inmates, staff and servants, or part thereof, calculated on the accommodation capacity of such institution per month

PART C - ADDITIONAL EFFLUENT CHARGES

3. The owner or occupier of any premises or area who discharges any sewage into the Council's sewer, drain or drainage installation for processing at the Council's sewage treatment works, shall in addition to any other charges for which he/she may be liable in terms of this schedule pay to the Council a sewerage charge which shall be calculated in accordance with the following formula:

Where CSB loading is higher than the accepted average for the Greater Ermelo, an agreement must be reached with the consumer which percentage of effluent of the water bought will be applicable.

A: Calculati $K \times (CSB) 0.4$

B: Where K is calculated with the following formula:

Total running cost = Ermelo total effluent 2 Kilolitre x sum of (Chemical oxygen demand for Ermelo divided by 600)0.4

Plus Industrial effluent (% effluent) x Kilolitre x sum of (Chemical oxygen demand industrial divided by 600)0.4

600 mg/l = Average chemical oxygen demand for residential drainage water

PART D - OTHER CHARGES

Suction of sewer traps and tanks (SU0871)

Rendering of a private suction service at private concerns

Night Soil removals (if any) (SU601C & SU602D)

Sewer blockage fees (SU 0855)

Applicable where the municipality provide assistance on private property

Connection fees

For the provision of a connection to the Council's sewer, a fee shall be charged which shall include the costs of material, labour and transport costs, plus a surcharge of 10%. A deposit as assessed by the Engineer is payable upfront.

Municipal premises

For all municipal premises the following charges shall be payable:

For every water closet, pan or urinal installed in such premises

Per month (BS080)

Rendering of a suction service at municipal concerns

2014/2015
R 14.45
R 767.20

2015/2016
R 16.20
R 859.25

PART E - GENERAL

Should any dispute arise as to classification, the decision of the Council shall be final.

At educational institutions where the lecture/classrooms are situated on the same site as the hotels, the pupils/teachers living at the hostels and attending the class/lecture shall not be included in the school returns.

In cases where any charge is based upon numbers of persons or beds, the heads of the institution concerned shall furnish the Council with certified returns setting forth the information required for calculating such charges. Should any person or persons required to furnish a return in terms of these by-laws, fails to do so within 30 (thirty) days after having been called upon to do so by the Municipal Manager or other authorized officer, the Council shall have the right to make such charges as in circumstances appear to the Council to be reasonable.

Should any building be occupied in sections during construction, charges which apply in respect of such building, shall be made in proportion to the section(s) occupied.

All charges shall apply from the first of the month following upon that during which connection has been made to the Council's sewers.

Any premises which have not yet been connected to the Council's sewers shall be charged from the date upon which the Council, by written notice, required the connection to be made or from the date upon which connection is made, whichever is the earlier.

The premises not connected by the date upon which the Council required the connection to be made shall be charged the usual fee for sanitary, vacuum or slopwater removal services rendered, in addition to applicable charges.

GENERAL

- 1 All accounts delivered are payable before or on the 15th of the month following the date of levy.
- 2 Interest at the rate of 12% per annum will be levied on non-payment of charges due on the date of maturity.
- 3 All tariffs exclude V.A.T.

CONNECTION CHARGES - SEWERAGE (PRIVATE WORK)

For the provision of a connection to the Council's water network, a fee shall be charged which shall include the costs of material, labour and transport, plus a surcharge of 10%. A deposit as assessed by the Town Engineer is payable in advance and work to be executed from the work order issued for such service.

After finalization, the work order must be signed off by engineering department and submitted to Finance for finalization of the charges according costs against the deposit paid.

G. Rezoning, Consolidation & Sub-division

DATE OF IMPLEMENTATION:

1 July 2015

AMENDMENT OF TARIFFS

1 That in terms of section 56 and 92 of the Town-planning and Townships Ordinance, 1986 the fees payable for an application for consolidation and rezoning of an erf be amended as follows:

1.1 Rezoning

- 1.1.1. For all applications received, which includes one single stand.
 1.1.2. For all applications received, which includes more than one stand, if:
 (i) all the stands refer to the same landowner or application;
 (ii) all the properties are located within close proximity of each other, to the satisfaction of the town planner;
 (iii) all the stands be rezoned to the same use zone within the same height zone;
 (iv) all the stands form part of one single development proposal
 1.1.3. For all applications received in paragraph 1.1.2 an amount of R1232.00 (R1120.00) is payable per additional rezoning.

1.2 Consolidation:

- 1.2.1 For all applications received, which includes one consolidation of two stands.
 1.2.2. For all applications received, which includes more than one consolidation of a number of stands, if:
 (i) all the stands refer to the same landowner or applicant;
 (ii) all the properties are located within close proximity of each other, to the satisfaction of the town planner;
 (iii) all the stands form part of the single development proposal.
 1.2.3. For all applications received in paragraph 1.2.2 an amount of R1232.00 (R1120.00) is payable per additional consolidation.

2 That in terms of section 6 (1) of Division of Land Ordinance, 1986, the fees payable for an application for subdivision be amended as follows:

2.1 Subdivision:

- 2.1.1 For all applications received which includes one stand
 2.1.2 For all applications received which includes more than one stand, if:
 (i) all the stands refer to the same applicant or landowner;
 (ii) all the properties are located within close proximity of each other, to the satisfaction of the town planner;
 (iii) all the stands form part of one single development proposal.
 2.1.3 For all applications received in paragraph 2.1.2 an amount of R1232.00 (R1120.00) is payable for each additional erf.

8 GENERAL DIRECTIVES FOR THE PAYMENT OF THE ABOVE FEES

- 1 All certificates of registration, certificates of fitness and/or spraying permits will be valid for twelve calendar months. A written application for the renewal of the certificate or permit must reach the Service at least one calendar month prior to the expiry thereof.
- 2 When application is made for registration, the appropriate application form, correctly completed in full, must be accompanied by the prescribed fees.
- 3 All the appropriate application forms are available from the Service and must be completed in full, where applicable, is duly signed.
- 4 If, for whatever reason, the Service rejects an application for any certificate of registration, certificate of fitness or any permit, the applicant must, within 14 days (excluding weekends and public holidays) of the date of rejection, take corrective steps to ensure that the document in question is issued at no additional cost, failing which the applicant must pay the prescribed fees again.
- 5 a. The tariff for premises that are liable for registration in respect of column 5 (point 9 to 14), or a combination of them, will be a single fee of R672,00, irrespective of the combination of items: Provided that such combination applies to one premises and is under the same control.
- b. If there are different divisions and/or affiliates within a business and/or company situated on the same premises but each division and/or affiliate is managed separately, each division and/or affiliate is liable to registration separately.

Charges for the approval of building plans

New buildings

The charges payable in respect of every building plan submitted for consideration in terms of Regulation A2 of the National Building Regulations, as well as for the issuing of a certificate of occupation in terms of Section 14 of the National Building Regulations, and Building Standards Act, Act 103 of 1977, shall be as follows:

- 1 The minimum charge payable in respect of any building plan, with the exemption of smaller building operations as implied in Section 13 of the National Building Regulations and Building Standards Act, Act 103 of 1977, is
- 2 For any 10 m² or part thereof of the building at the level of every floor:

For the first 1 000 m² of area
 For the following 1000 m² of the area
 For every part of the area exceeding the first 2 000 m²

For the purpose of this item area means the overall superficial area of any new building at each floor level on the same terrain and includes the total plan area of verandahs, balconies over public streets, basements, intermediate levels and galleries.

Additions to existing buildings

Fees payable for:

The inspection during the erection of the additions to the existing buildings, and the issuing of certificates of occupation in terms of the National Building Regulations and Building Standards Act, Act 103 of 1977, shall be calculated in terms of Part A item 1.1 with a minimum fee of

Alterations to existing buildings:

The inspection of plans, the inspection during the erection of alterations to the existing buildings, shall be calculated as follows:

0,1% of the value (as calculated by the Building Control Officer of the alterations).
 The minimum fee payable is

Structural steelworks, reinforced concrete or structural woodwork

In additions to the charges payable in terms of item 1, a fee of per 10 m² of the area or reinforced concrete or structural woodwork is used for the main frame or as main structure parts of the building provided that a fee as proposed by the Building Control Officer be charged if only a part of the building is affected.

Charges payable for the submission of preliminary plans en enquiries

New buildings
 Additions to existing buildings
 Preliminary plans for enquiries
 Special buildings
 Structural steelworks, reinforced concrete or structure work

Approval in respect of small building operations
 Approval of drainage plans (minimum)
 Alterations of existing drains
